僕のヒーローアカデミア原画展

約十年の連載の中で、途中からデジタル入稿になりましたが、
僕の線画までは変わらずアナログ原稿なのである程度生っぽい原稿を
お見せできると思います。
あと、ヒロアカはネームと原稿で全然違うこともタカったので、
ネームも併せて見ていただくことで、連載中の漫画家が
どういうこと考えて描いていたのかなど、連載というものを
ある程度生っぽく感じられる展示にしようと思っています。
ヒロアカに興味が無い方でも楽しめるよう
鋭意いろいろやっていますので是非見に来て
下さい！

Tell us more of this arena

Brother, we've been in this contraption for hours

Very well

I was told by Malcador there is an arena more ancient than any other place on Terra. In ancient times the mightiest of warriors would fight and die there.

It sounded like a fun place to visit. We should be arriving soon

This is the place.

DETACHMENT RULE

THE RED THIRST

Though they strive to restrain it, the murderous tenacity of the Blood Angels simmers beneath the surface of their thoughts in battle. It is rage drives them towards the foe and lends great strength to their blows.

Each time an **ADEPTUS ASTARTES** unit from your army is selected to fight in the Fight phase, if that unit made a Charge move this turn, until the end of the phase, add 1 to the Strength and Attacks characteristics of melee weapons equipped by models in that unit.

Absolutely, it should be fine

As far as scanning, Rockville is best equipped to do that. I can have a courier service to personally pick up the documents and once scanning is completed, bring them back to DC for storage.

Let me know if that works once you get further word in your department. Thanks.

Mitsu the Insect Ninja

[Insect/Effect]

If you control a "Ninja" card or a face-down Defense Position monster: You can Special Summon this card from your hand. When your opponent activates a monster effect (Quick Effect): You can target 1 face-down Defense Position monster you control, change it to face-up Defense Position, and if you do, change this card to face-down Defense Position, then, if the targeted monster was a "Ninja" monster, except "Mitsu the Insect Ninja", negate that opponent's activated effect. You can only use each effect of "Mitsu the Insect Ninja" once per turn.

WHEN THE LIGHTS WENT OUT

THE VOLUPTUOUS GERTRUD KOSTLICH HEARD HER TUMMY RUMBLING. THE OMINOUS RAMBLINGS OF LADY LEGERDEMAIN'S SERVANT VEXED HER NOT BUT THE ECHOING SIREN'S CALL OF HER CURVY BELLY SHE COULD NOT RESIST. FOR THE ONLY THING THAT LADY KOSTLICH CRAVED MORE THAN CARBOHYDRATES WAS THE SWEET SUCCULENT TASTE OF RIDICULE. OH HOW SHE ADORED TAUNTING ANYONE WHOM SHE DEEMED INFERIOR AND FOR ONE AS ARROGANT AS LADY KOSTLICH, THAT MEANT NEARLY EVERYONE

UNFORTUNATELY FOR OUR ROUNDED HEIRESS, RIDICULE CAN SOUR EVEN THE MOST SUCCULENT DISH AND EVEN THE TINIEST APPETIZER IN ONE'S HUGE SOCIAL CIRCLE CAN BECOME A FEAST OF FURY UNDER THE RIGHT CONDITIONS. OUR LOVELY LADY WILL LEARN TOO LATE THAT REVENGE IS A DISH WHICH WOMEN OF TASTE PREFER TO DEVOUR HOT AND SCREAMING

Players must leave game in progress as it is and use the cards left in their libraries as decks with which to play a subgame of *Magic*. When subgame is over, players shuffle these cards, return them to libraries, and resume game in progress, with any loser of subgame halving his or her remaining life points, rounding down. Effects that prevent damage may not be used to counter this loss of life. The subgame has no ante; using less than forty cards may be necessary.

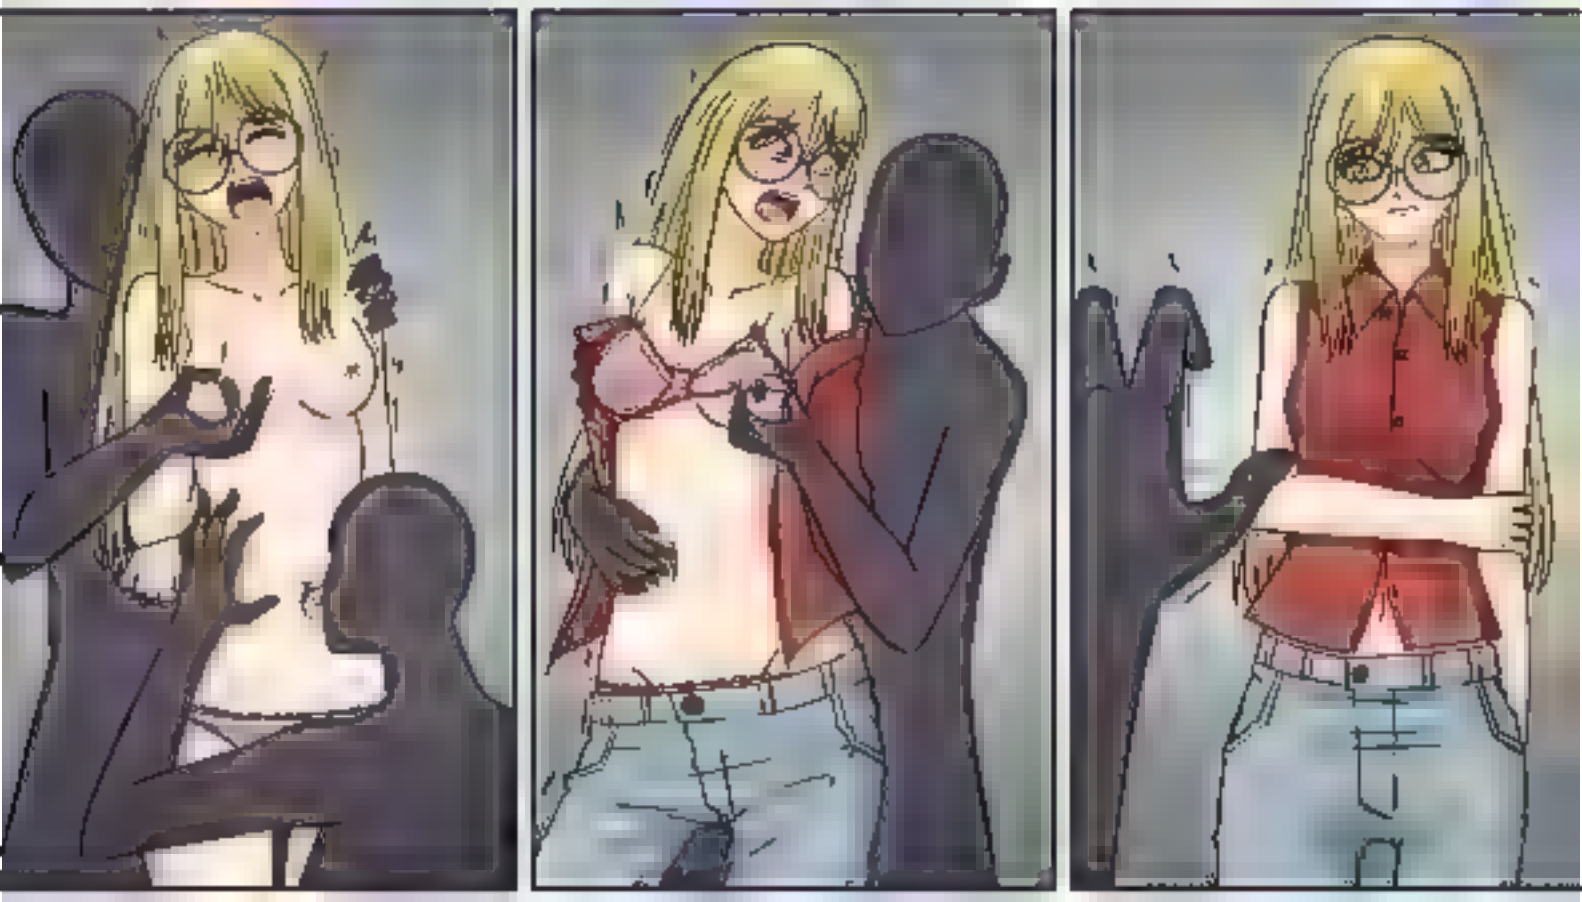
THE CASE OF THE CONCERNED CLIENT

CREATED BY BANDITO

deviantart.com/tesiai



A brief pause brought no relief as the ticklish sensations continued to rock against me like a rough tide on a rickety pier.

All her question did was send a scorching wave of heat through me, because I knew about as much about my source as she did.

PLM_ PLEASE I.. CAN-T

AHH BAD NEWS.

Half a second later, she was gonna tickle me again anyway. The Rose just wanted in my head and trust me_ she was inside all the way. Tickling me from the inside out.

CUZ THAT MEANS YOU'RE GONNA GET SOME MORE LAUGHS

AIEYAAA HAAAA HAAAA!

Her fingers were like ticklish daggers, poking holes in the last of my armor. Light, familiar scratches against my belly had my lips squealing in maddening giggles, while my libido did jumping jacks inside my head.

AIEYAAA HAAAA HAAAA!

UNFORTUNATELY FOR YOU. I'M REALLY GOOD AT TICKLING TUMMIES

The two devian at my feet weren't helping much either.

If tickling has a technique, these two were as masterful as they were ruthless.

But no one beat the Rose herself. The more intimate her tickles, the meaner her approach, the deeper my blush and huskier my laughter became.

HOW CUTE. A TENDER BELLY BUTTON. YA KNOW WHAT WE DO TO TENDER BUTTONS?

HAAAAAAAAAAA!

THE LITTLE NINJA IS DREADFULLY TICKLISH!

PUHLEEZE NAHAT THAHAT!

OH, YEAH. YOU KNOW THE ONLY THING WORSE THAN THIS TECHNIQUE?

TICKLING IN SPACE!

BUSH'S PUNISHMENT

CREATED BY BANDITO

CAPTAIN VIDA

Shaving innocent Space Kittens, slipping Galactic Itching Mites into unsuspecting panties, the complete and total destruction of the Iggthalian planetary system...these are items six, seven and eight on Captain Vida's list of favorite hobbies. So one can only imagine how seriously she takes item number one: the merciless tickle torture of any sensitive species she can find. No one really knows why. One would think that an infamous intergalactic smuggler and enforcer for the Intergalactic Pirate Union would have little interest in forcing endless screams of laughter from any tender alien that crossed her path. But Vida delights in discomfort. She swoons at the sound of helplessness. And no species amuses her more than humans. No horns, no scales, no fur, no undulating slime-coated tentacles with poisonous suction cups. Just soft tender skin to tease and torment, and sweet squealing response to her careful wicked feathers. She may work to oppress and destroy. Her job may be to crush all opposition with a fierce armored alien fist, and then hide the bodies in Krandaloozian cement. But it's her hobby that makes the galaxy fear her. Her hobby is what makes her poor victims bawl for mercy until the only sound they can make is silent wheezing laughter. And unfortunately for all of us, her hobby is what she lives for.

REAL NAME: She is known in every dark corner of the cosmos by a dozen different names: Vida the Flat, The Screaming Death, Captain Badonkadonk. Well, the last one was coined by the Iggthalians. Right before she destroyed their planetary system for the first time.

THE SEA MONSTER: A pearl-handled ionic death ray hand-cannon. Vida's weapon of choice. Good for cooking would-be informants, vaporizing rival gangs, and putting scorching holes of agony through anyone's asteroid that irritates the good Captain.

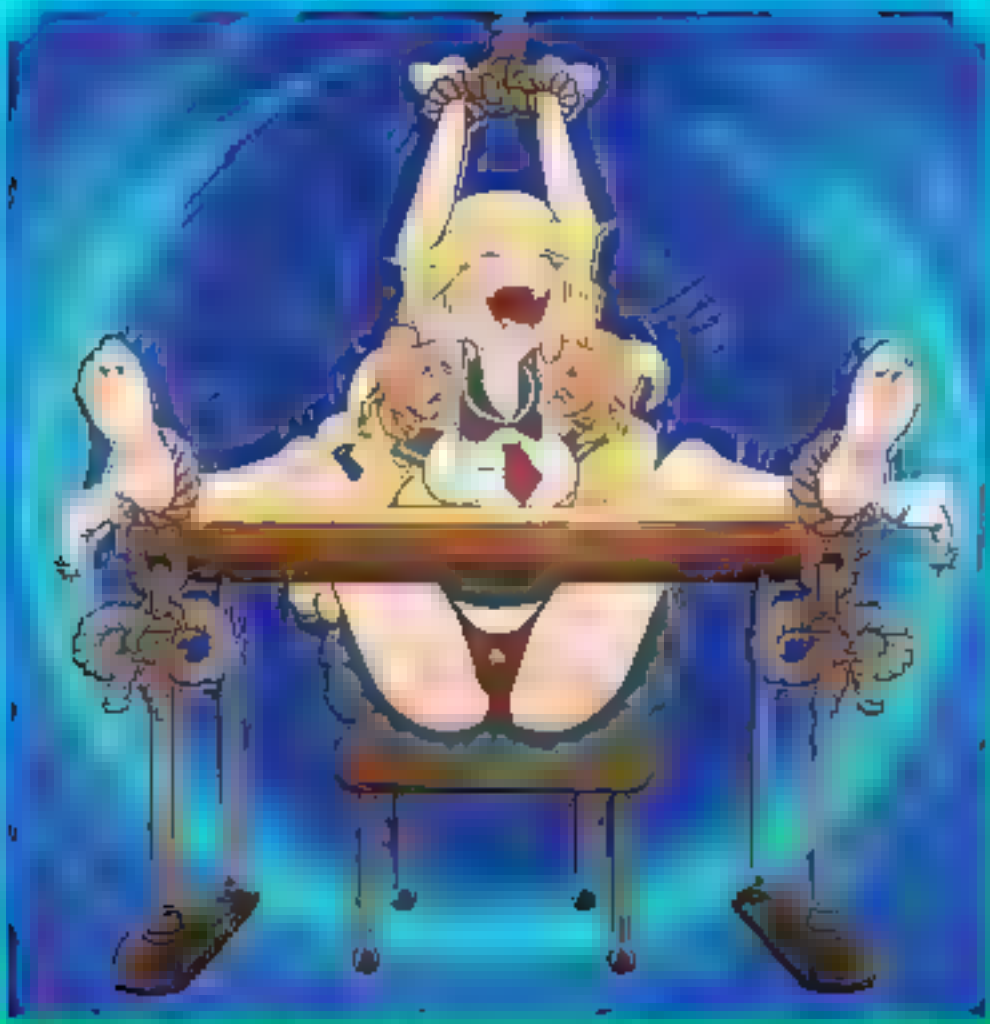
ARMORED IRONY: Now with Captain Vida's excessively dominant personality, her rather hot, hefty figure, her penchant for administering howling tickle torture on helpless humans...there's very little chance that such a wicked space pirate might herself be hiding a ticklish secret. There's no chance that our cruel armored vixen is hilariously ticklish, and would erotically squeal with sinful confession if exposed to the working end of a fluffy feather. Aww, who am I trying to fool? There's a pretty damn good chance, actually.

ALIEN PIRATE TICKLE TRAP: Four words that have become synonymous with terror throughout the Seven Systems. And Vida's favorite ticklish foreplay. Often Vida will seek out her victims in a public setting, and call them out as a tender softy. And when her poor victim argues, Vida commences the alien pirate tickle test. A simple finger scratching at a ticklish bare foot. Or a lone feather strumming a tender tummy. And as her vulnerable victim fights desperately not to laugh, Vida gets to publicly drive them out of their minds. Until they ultimately explode in cackling laughter and the REAL fun begins.

Fckle Slut

TICKLISH LEVEL 4

Very sensitive and delicate but can get a little sadistic. her weak spot is her navel.



TICKLISH LEVEL 5

Extremely sensitive, when tickled she laughs hysterically and very loud and high pitched.

TICKLISH LEVEL 3

When the armpits are stimulated her abdomen contracts and she needs pee soon, stay advised.

Matoi Taune

Class 1.5

Ticklish Level 1

Resistant, tries to hold back the laughter as much as possible. When she gives up she seems to be possessed by the goddess of laughter.

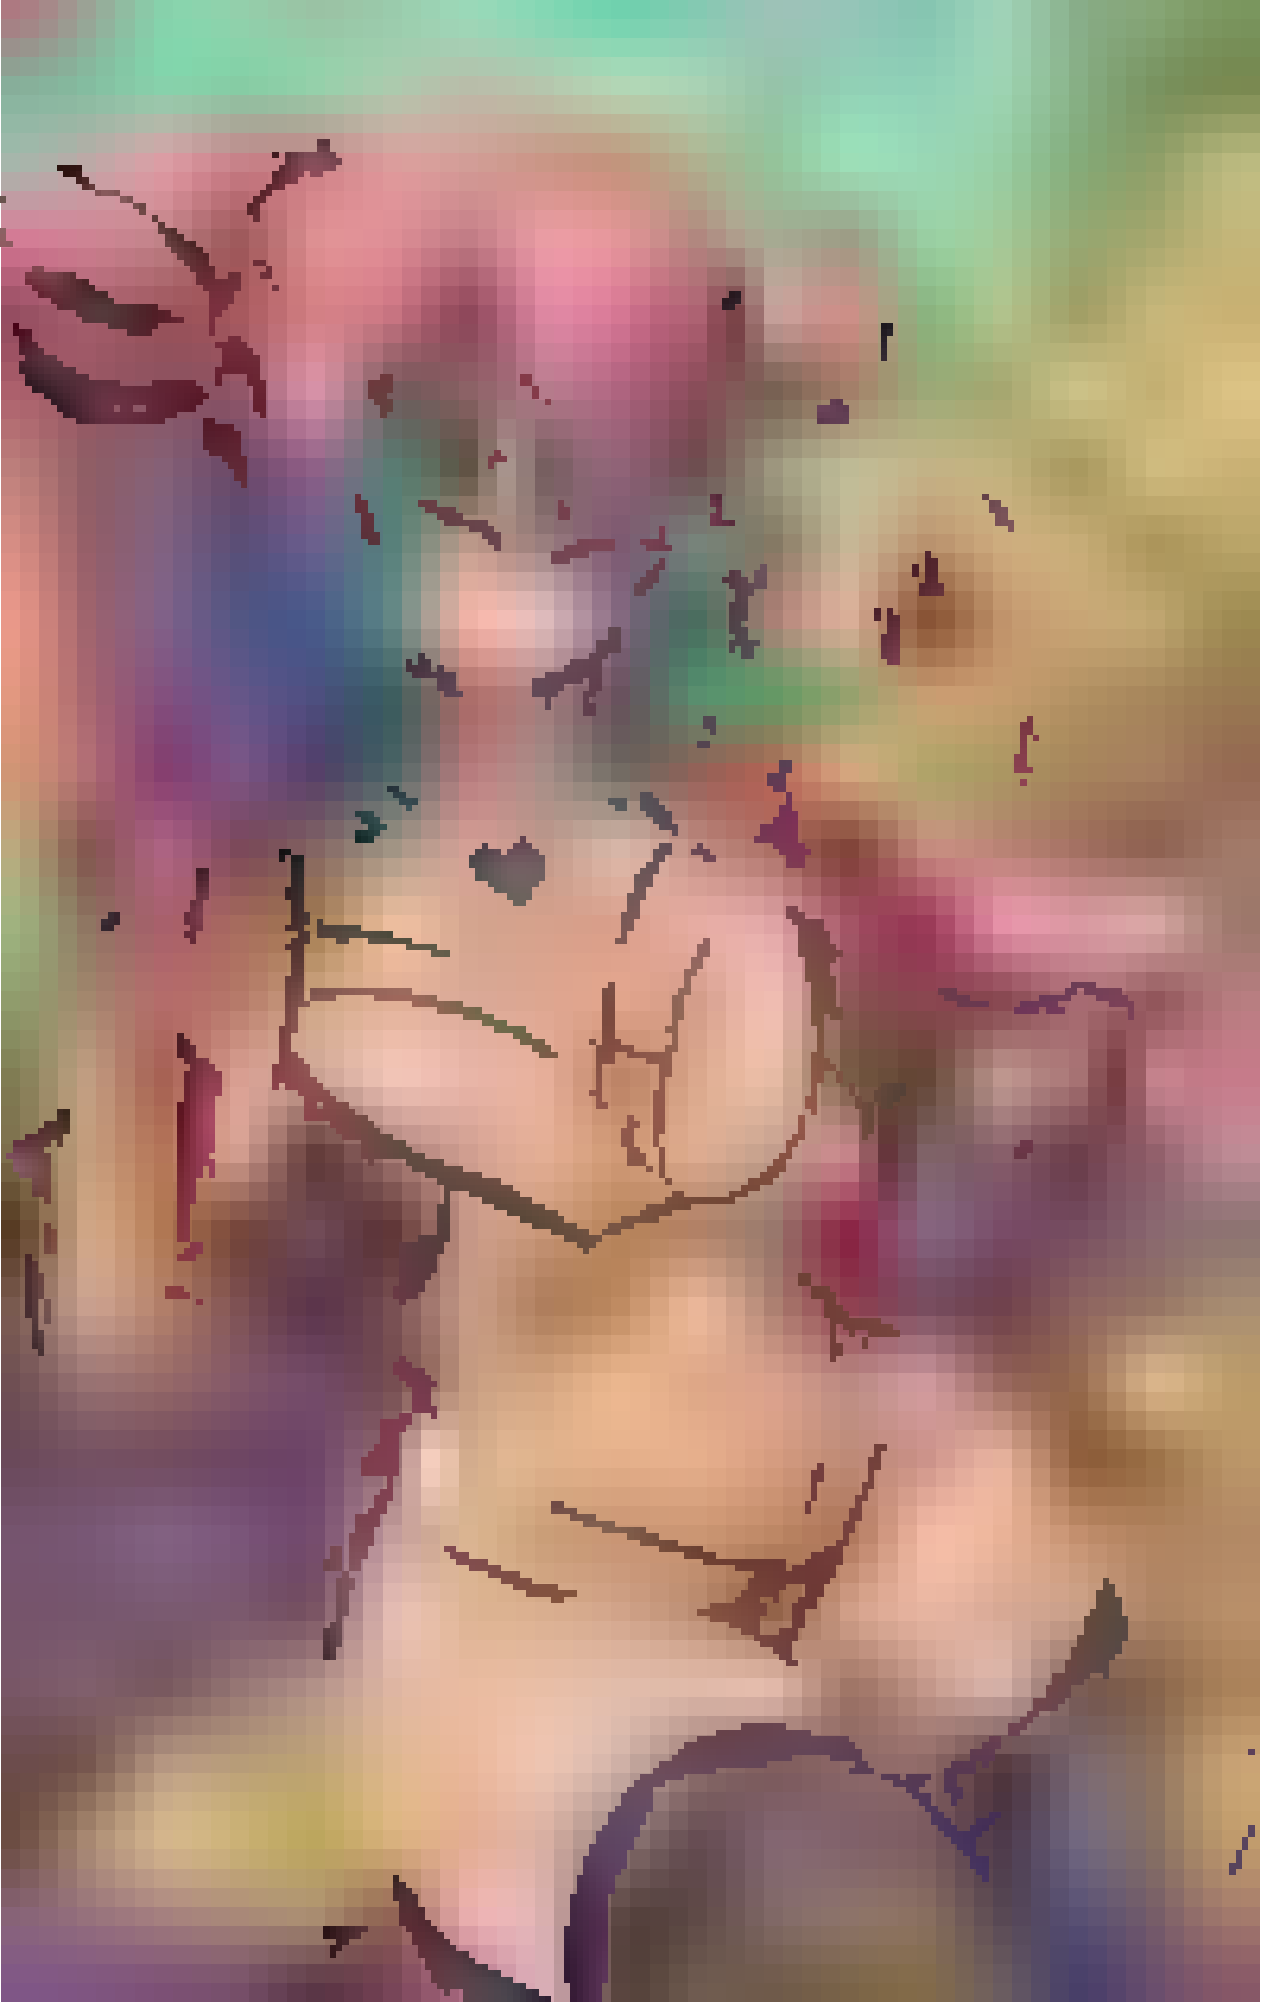
FIRE NIGHT ARTWORK



Lady
Purrcelain

This story is about as thin as a street cat on a hunger strike. You can't even believe it myself if I weren't smack dab in the middle of it.

And trust me, if you think I'm trying to be funny... you're dead wrong. Funny isn't kosher anymore.

Because this story starts the year they made laughter illegal.

Seven months ago, a bunch of Mrs. Grundy politicians signed the Solstead act into law and public laughter was outlawed. Those who held onto their sense of humor called it the pro-ho-ho-hibition.

Must have been two or three whole days before illegal laughter joints began popping up all over the city. So-called "Giggle Mills," hidden in the back rooms of respectable businesses.

Bad jokes and clumsy slapstick kept the desperate masses amused for a while, but it wasn't long before they began to crave more. They longed for raging laughter to fill the void left by Solstead.

It wasn't long before they turned to tickle torture to give the rabble all the laughter they could ever desire. "Snatchin' Joe Parlors," opened secretly all across town with one single purpose: to satisfy patrons with screaming laughter all night long.

These boot-leggers formed empires overnight amassing god-like power as well as near-limitless wealth. And with it came a struggle for control, the likes of which this city had never seen.

That's where I came in - a hard-nosed reporter who would stop at nothing to expose this underworld of illegal laughs and tickling gangsters.

I had started files on them all - these giggle gangs. I was gonna bring them all down.

They called me Betty Boo... and this is my story.

Giggling Kitty

DON'T EVEN THINK ABOUT GRINNIN' BOYO

SOLSTEAD ACT

SOLSTEAD ACT

SOLSTEAD ACT

The Solstead Act may have made all laughter illegal, but seekin' folks to live without their smiles and snickers; their chuckles and guffaws? Please. Might as well have asked the whole damn world to just stop breathing. Someone was bound to fail that code.

Some Pontucci, the former top operator of the illegal laughter trade, was captured by the new upstart gang known as the MTT Mobsters. Rumor has it that she ended up being on the business end of their feathers. And their terrible tickles had her singing her secrets like Billie Holiday.

The dreaded Gomez Girls, Pontucci's fearsome lieutenants, moved in on the Podunk Family territory in a fierce effort to take their piece of the cackling empire from the fiendish country crooks.

Every two-bit hood and aspiring mobster within a hundred miles found themselves a feather and some poor sap to use it on. A dozen gangs rose from the hilarity to steal Pontucci's empty throne. And they turned on each other, tickling this city into a frenzy!

PLEEHEEZENOOHOO!!

YOU'RE GOING TO SCREAM, AND CUM, AND DROOL, AND BEG ME TO STOP, AREN'T YOU?

THEY JUST CAN'T HELP THEMSELVES. THEY RE SOOO TICKLISH.

OH GOD. SO TICKLISH, LIKE MY WEALTHY, DIMWITTED WINNIE.

AGONY IN SILK

Written By Colin

Cover Art By Mandell

When Vicki Pendleton, Lauren Scherr and Naomi Jackson started Silken Dreams, they were hoping to get rich selling high-fashion nylon stockings. Their new product line has done just that—but in a way these three brainy beauties never expected.

They're called Smoothies—gleaming, ultra-sheer nylons that make women's feet look fabulous. But Smoothies have a side-effect as well: any woman who puts on a pair becomes instantly, helplessly ticklish. The slightest touch on their sleek, nylon-sheathed tootsies is immediately amplified into a sensual barrage of sensation that leaves them screaming with laughter and begging for mercy.

Soon the girls are selling Smoothies on the sly to women's prisons, where grateful wardens use them to enforce discipline and pry confessions from close-mouthed cons. But soon word of the Smoothies' ticklish powers spreads to Sirtonia, a backwater Eastern European country. Sirtonian women are taking their first baby-steps towards feminism and independence, and the country's old-fashioned male regime doesn't like it one bit. Lauren and her colleagues journey to Sirtonia for a business meeting, but things soon take an unexpected—and very ticklish—turn!

BULLETS &
Laughter

This story is about as thin as a street cat on a hunger strike. Wouldn't even believe it myself if I weren't smack dab in the middle of it.

And trust me, if you think I'm trying to be funny... you're dead wrong. Funny isn't kosher anymore.

Because this story starts the year they made laughter illegal.

Seven months ago, a bunch of Mrs. Grundy politicians signed the Solstead act into law and public laughter was outlawed. Those who held onto their sense of humor called it the pro-ho-ho-ibition.

Must have been two or three whole days before illegal laughter joints began popping up all over the city. So-called "Giggle Mills," hidden in the back rooms of respectable businesses.

Bad jokes and clumsy slapstick kept the desperate masses amused for a while, but it wasn't long before they began to crave more. They longed for raging laughter to fill the void left by Solstead.

It wasn't long before they turned to tickle torture to give the rabble all the laughter they could ever desire. "Tootchie Coo Parlors," opened secretly all across town with one single purpose: to satisfy patrons with screaming laughter all night long.

These boot-leggers formed empires overnight amassing god-like power as well as near-limitless wealth. And with it came a struggle for control, the likes of which this city had never seen.

That's where I came in - a hard-nosed reporter who would stop at nothing to expose this underworld of illegal laughs and tickling gangsters.

I had started files on them all - these giggle gangs. I was gonna bring them all down.

They called me Betty Bee... and this is my story.

A brief pause brought no relief as the ticklish sensations continued to rock against me like a rough tide on a rickety pier.

All her question did was send a scorching wave of heat through me, because I knew about as much about my source as she did.

PUH... PLEASE I... CAN-T

AHW BAD NEWS.

Half a second later, she was gonna tickle me again anyway. The Rose just wanted in my head and trust me... she was inside all the way. Tickling me from the inside out.

CUZ THAT MEANS YOU'RE GONNA GET SOME MORE LAUGHS

AIEYAAA HAAAA HAAAA!

Her fingers were like ticklish daggers, poking holes in the last of my armor. Light, familiar scratches against my belly had my lips squealing in maddening giggles, while my libido did jumping jacks inside my head.

AIEYAAA HAAAA HAAAA!

UNFORTUNATELY FOR YOU, I'M REALLY GOOD AT TICKLING TUMMIES.

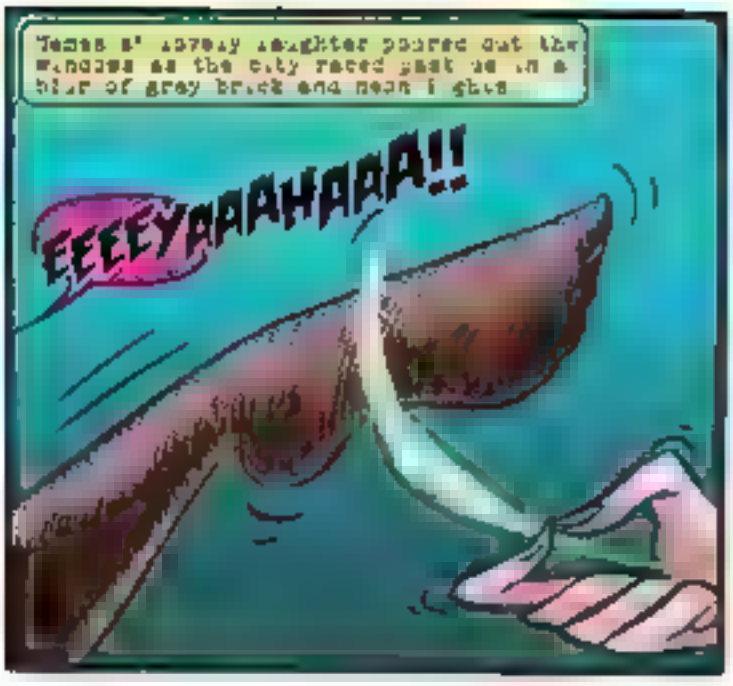
The two devils at my feet weren't helping much either.

If tickling has a technique, these two were as masterful as they were ruthless.

But no one beat the Rose herself. The more intimate her tickles, the meaner her approach, the deeper my blush and huskier my laughter became.

HOW CUTE, A TENDER BELLY BUTTON. YA KNOW WHAT WE DO TO TENDER BUTTONS?

BULLETS & Laughter



Tessa s' ashley laughter poured out the windows as the city rated past us in a blur of grey brick and neon l ghts
EEEEYAAAHAAA!!

...or dame is every bit as ticklish as I am. And from what I know of these Shamrock Sisters, ...er t ckl sh tu ..r I had barely even begun.

I felt the heat ...gat te ...n my belly as my sen ...ng de handed towards the rea. My toes curled in my l gat shoes. I felt a very dangerous tingle under my ...ay belt, and I prayed these psycho-t o gangsters wouldn't see the des,erate look on my face as I struggl ed w ith the wheel and my own out of control libido under these t ckl sh road cond tions.
HA HAAAA!!

BOSS IF THEY GET NEMESID TO TALK SHE KNOWS EVERYTHING.
THAT'S WHY WE GOTTA STOP THEM AND

BULLETS & Laughter

Oh, Frisky. I wish I could say that I didn't find it amusing.
ALRIGHT GANG, LET'S SNEAK INSIDE THE CLUB.
TO SAVE BETTY?
NO, YOU KNUCKLEHEAD! TO USE BETTY AS A DISTRACTION WHILE WE FIND DAMNING EVIDENCE ON MR.B AND HIS MOB!
Each stroke of that feather brought more kinky laughs pouring from my wanton vixen.
AWWHAAHAA!!
IF YOU THINK THAT'S FUNNY TOUGH GIRL, WAIT TILL I TICKLE THOSE TOES!
It's a greasy hood's fat foot and he'd been dumb to look at, but he was a virgin with that feature.
NO ONE CAN RESIST THE IN-BETWEEN-TOE TICKLES!
...tearing ya, as my fingers worked their way in vain toward bloody murder with each masterful tickle on her bare toes.
WHAT A HAPPY LAUGH SHE HAS NOW THAT I KNOW YOUR SECRETS.
PLEEHEEZE!
...a page or two later and to not be that difficult that ay, and when I got it tickled, that awful, embarrassing, horrid big thing.

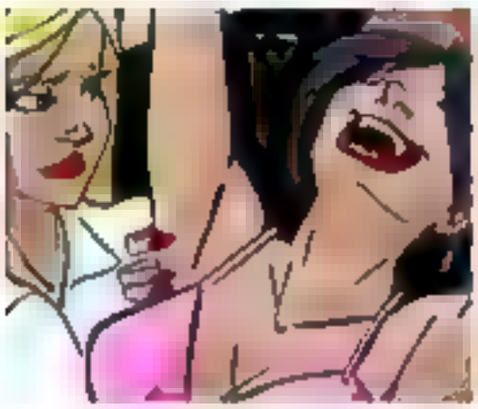
BEYOND THE VEIL, LAUGHTER

Penny is a freshman college student hired by her neighbor to watch their house while away. but she's still haunted by a nightmare she had there as a child. And after an accident in the lab of arcane scholar Professor Arkham her nightmares are more vivid, and terrible than she ever imagined. The monsters that stalk her in the night risk driving the poor ticklish girl insane



MERINTHOPHOBIA

[redacted] an almost obsessive ticklephile. she loves being tickled, always has, always will, and wants to be tickled as intensely as possible. there's only one problem: Sharon suffers from a crippling fear of restraints. If someone even holds her ankle she panics and kicks their teeth in. So she will have to learn to overcome her fear to fully enjoy being tickled to her limits, right? No, didn't we mention she has a crippling phobia, the kind of thing that can take a lifetime to sort out? Sharon must find a way to live her life torn between a desire to be tickled to insanity and a fear that may drive her to it

TICKLED BREATHLESS

After Air Force One is shot down, President Michelle Baker awakens bound in a strange room. She refuses to cooperate with the one speaking to her, even when threatened with the thing she most fears. But more must be going on if the President of the United States is being tickle tortured... is it the mistakes she's made, or the one she's about to make, that interest the one who has brought her here?

TICKLED TO DEATH

An elderly murderess lies near death, but soon lies to Death as the incarnation of that force arrives in her final moment to bring her to her final punishment. But in this place, a special hell awaits some, which makes many long for the expected damnation

SPECIAL BONUS

A poem from 18th century obsessed tickler Lord Feathertop!

SIGMAS AREN'T BORN, THEY'RE MADE

Everyone has heard of real sorority sisters tormenting helpless pledge for their own kicks, but few have heard of their opposite the Sigmas. The most revered and powerful sorority, not just on campus, but in the world, a life long network of rich, powerful, and successful women whose gauntlet of tickle challenges are not there for their own amusement but as a tool. Sigmas aren't born, they're made.

Three young adult women choose to join despite the ordeal they're warned will come: complicated games, feminch puzzles, merciless torture, and terrifying mind games await them and the pledges of other sororities they'll be tracking as part of their training. Yet there is love in every touch, unity in each shed tear, even the newest girls would agree they are becoming stronger and wiser thanks to the Sigmas... if they could stop laughing long enough to speak, that is.

Excerpt...

Almost as if choreographed, the pledges screamed and began laughing uncontrollably. One sister ever more now turning frantically both of her pledge's armpits, the skin teased to higher sensitivity by the earlier stroking now maddened by the wriggling fingernails scratching rapidly all up and down their poor undercarriages. At the same time, the other sister had grabbed her girl's lower ribs and was squeezing her nails into them, wriggling the tips as she did so to maximize the torture. The leap from the earlier teasing to this sudden attack caught the girls so off-guard they couldn't even process what was happening, they could only scream with laughter and shake their poor ticklish bodies in a feeble attempt to gain a respite. The sisters were utterly ruthless, the one carefully moving about her victim's helpless prey to look for the really sensitive spots, while the other squeezed all over her pledge's ribcage to give the girl's upper body as thorough a tickling as possible. One of the girls began shrieking to be let out, but Diane found her way over and joined in by tickling both the pledge's flanks until she got the hint and stopped. The girl then started begging quietly amidst her laughs... the sisters didn't seem to care, but continued to explore her ticklish nooks and crannies while she laughed so hard it could hardly be heard.

"Time for their little toes to get it." Diane said into her megaphone. The girls had a brief respite to catch their breath while they moved into position. "Don't worry girls that's our minutes down, you're 1/60th of the way there!" Now most of the girls were begging to be let out, but soon they were all too busy laughing as each sister took a foot and worked it over to her own way. One tried to hold her victim's foot steady and start by gently running one nail up and down the sole over and over. Then scratching in just one spot while the pledge tried to twist her foot free. The other sister was scratching with all ten fingers up and down the twisting foot, making up for the lack of precision in favor of overwhelming it. But that was just one example, each sister seemed to have her own preferred form of foot tickling, some even using feathers or for real cruelty, hairbrushes. Victims of that technique were easy to spot, they were the ones screaming in between their laughs.

The Pig Roast:

Hogtied and suspended in the air would be humiliating enough, but below her is a writhing machine of ticklish hell. In her pretty smiling mouth is a juicy apple. If a laugh should make her drop that apple, the gentle tickles at her feet and belly would become a grinding torment that would last for days. Better not squeal!

The Curse of the Mummy's Mouth

Bold adventurer, Mary Arcadia, has always had a knack for getting herself into ancient tombs, cursed temples, and very ticklish trouble! So, it's no surprise then when her latest tale winds up leading her to a forbidden queen accompanied by a skin-crawling legend.

— Any soul who enters will be mummified, blindfolded, and tickled for all eternity!

Fortunately, for Mary, her amazing assistant, Mina, will surely save her. As soon as she deals with all the zombie mummies in the main chamber. PS. there are 4,000 of them.

Enter the BAD GIRLS

REBECCA THOUGHT BACK ON THE SUMMER OF 2005 WITH A GREAT FONDNESS AND A MISCHIEVOUS SMILE WOULD APPEAR UPON HER CHERUBIC FACE. IT HAD NOT STARTED WELL. AFTER LEAVING UNIVERSITY, SHE HAD TAKEN A SECRETARIAL JOB IN THE CITY. FEELING A LONG WAY FROM HOME, SHE SOON FELL PREY TO A SERIOUS CASE OF THE BLUES. NOTHING SEEMED TO HELP NONE OF HER FRIEND'S SUGGESTED ACTIVITIES HAD ANY EFFECT AT ALL.

IN DESPERATION, SHE HAD, ON THAT FATEFUL DAY, FINALLY ENDED UP AT THE HOME OF THE MYSTERIOUS MADAME BLAVANSKI. AN ATTRACTIVE RUSSIAN WOMAN IN HER 50'S, SHE HAD GREETED REBECCA WITH A SEDUCTIVE SMILE AND INVITED HER IN. AFTER A BRIEF DISCUSSION DEBASDING HER SITUATION, MADAME BLAVANSKI ASKED REBECCA TO TAKE OFF HER SHOES, LOOSEN HER SHOOTS, AND LIE ON HER BACK WITH FEET IN THE AIR. FOR THE NEXT 30 MINUTES, REBECCA WAS TICKLED INTENSIVELY ON HER FEET AND EVERY OTHER SENSITIVE PART OF HER BODY. SHE LAUGHED LIKE SHE HAD NEVER LAUGHED. HER DEPRESSION LEFT THAT DAY AND NEVER RETURNED.

YES, IT MADE HER SMILE TO THINK OF IT NOW. SOMETIMES, SHE STILL GETS HOMESICK AND RUSSIA IS SO COLD IN THE WINTER!

THE [illegible]

Maggie always wanted to be a rock star, but she never quite got around to actually learning to play an instrument. Besides, lessons cost money, and who wants to be stuck behind a drum kit or a guitar anyway? Everybody knows singers are the real stars. So when she found a microphone a band had left behind at the [illegible], her landlord's enemies was clear: find [illegible] for a chick playing Lady Gaga, then forget about it and watch TV. But when she impressed a wild series of words to go with her vocals, you might say she got all wrapped up in her inspiration. Do you suppose she was channeling Cyndi Lauper when she decided to perform barefoot? How embarrassing! But at least she's capable of laughing at the situation... especially with a little help from Deirdre.

MAGGIE = [illegible]

AKA the Pretty One. AKA Shadow Princess from Hell. AKA Peaceable. You get the idea. This is a girl with attitude to spare and a taste for night life. She has the burning passion and relentless drive that marks all of history's greatest heroines... but Maggie's ambitions are all about street cred, cocktails, and rock & roll. She'd rather hang with a famous band or get on the guest-list of a hot club than worry about little things like paying her rent or doing laundry. Luckily, she's got a trio of roommates who are willing to help keep her fabulous, and when a girl is as fabulous as Maggie, there's only one option when it comes to keeping her in the limelight and herself.

DEIRDRE = [illegible]

One of Maggie's roommates. They've known each other for years, and in most ways they're as different as night and day. Deirdre is as reclusive as Maggie is flighty; she much prefers hiding the body to living the dream. If the two have anything in common it's a truly extreme fastidiousness; when it comes to settling arguments with her vocals, Maggie always goes first for the fear—but Deirdre's no cream puff when it comes to dishing out some Hide-Torture of her own!

dental mishap

Dr. Celia is a shameful alcoholic, but she'd rather relax a day in her clinic than attend to a patient if tipsy or hungover. As years pass, her habits grow worse while her friends' diamond grows higher. She began to camouflage her misdeeds with perfume, but it was no use. One day, she released an improved wooden tooth and instead, pulled out a perfect 2nd molar from a trembly, rich patient's jaw bone. Oh, the horror! All the doctor's apologies and best offers were not enough to calm the angry patient's rage... And as time flies, Jessie Rosario gains back charge of the clinic and her staff.

The Fahn' Rei Chronicles

Book Two

For the majority of her immortal life...the Black Elf known as "Stipplewitz" yearned for world domination. If not for the courage of a few brave heros, long since passed from this life, her plans would have been fulfilled. She succumb to a spell cast upon her, cursed with super-sensitive skin and destined to perish when overcome with hysterical laughter. Now, through the incantations of black magic, Stipplewitz has been raised from the dead and searches frantically for the Feather of Fahn' Rei, the only item which can break the spell and allow Stipplewitz to continue her plans of world conquest.

TICKLE WRECKED

THANKS TO HER UNIQUE SET OF SKILLS, ANNIE HAD BECOME A VITAL PART OF THE HARLEQUIN CREW'S FREQUENT HIGH-RISK HEISTS. UNFORTUNATELY, FOR THE FRECKLED DAMSEL, THOSE SKILLS DIDN'T INCLUDE QUICK WITS OR QUIET CUNNING ON HER PART; ONLY THE ABILITY TO BE CHAINED UP AND TICKLED HALF TO DEATH.

Hogtied and suspended in the air would be humiliating enough, but below her is a writhing machine of ticklish hell. In her pretty smiling mouth is a juicy apple. If a laugh should make her drop that apple, the gentle tickles at her feet and belly would become a grinding torment that would last for days. Better not squeal!

AS ONE OF THE RICHEST WOMEN IN THE WORLD, IT SEEMED THAT SOMEONE WAS ALWAYS TRYING TO GET THEIR HANDS ON HER IMPRESSIVE ASSETS.

THERE WAS NO CHANCE THE COUNTESS WAS GIVING THOSE SEVEN SHREWS THE CHANCE TO TAKE WHAT WAS HERS. THE FAIR REDHEAD FROM TICKLING IN SPACE HAS A FUN STORY BEHIND THE DESIGN OF HER NAME AND ULTIMATELY HER PERSONALITY. THERE'S A SPECIAL PLACE JUST SOUTH OF MANA. CRYSTAL CLEAR WATER LAPS GENTLY AT A PERFECT RED SAND BEACH, SECLUDED FROM JUST ABOUT EVERYONE WHO DOESN'T ALREADY KNOW HOW TO FIND HER. IT'S PARADISE UNLIKE ANY PLACE YOU'VE EVER SEEN. SHE HAS A NAME, THIS PERFECT GEM BORN OF SCARLET HUE. THEY CALL THIS BEACH "ROXI" AND SHE'S THE MOST GORGEOUS RED HEAD I HAVE EVER SEEN. I HAVE ALWAYS ADORED THE NAME SINCE THE FIRST TIME I SURFED HER BREAK. AND ALWAYS KNEW I'D HAVE TO GIVE THAT NAME TO A VERY SPECIAL CHARACTER. SO WHEN I CREATED DISTRESS ROXI FOR TICKLING IN SPACE, SHE WAS MORE THAN JUST A QUICK CREATION. SHE WAS SOMETHING THAT HAD BEEN BREWING IN MY LITTLE BRAIN EVER SINCE MY TOES HAD TOUCHED THAT SCARLET SAND AND I FELT HER WARM CARESS. AND SINCE THE AMAZING SCAVENGER HAS DONE SO MUCH FOR HER IN HIS WORK ON THE CONTINUING TIS SERIES, I WANTED TO CREATE AN ILLUSTRATION AS A TRIBUTE TO BOTH OF THEM.

RISE OF THE NAIL BITER

THE PROBLEM WITH FIGHTING EVIL IS THE COMPROMISES WE MAKE. WE SACRIFICE A PART OF OURSELVES TO CAST OUT THE DARKNESS. BUT EVERY TIME THERE'S A COST. EVERY TIME A LITTLE BIT OF THAT DARKNESS LINGERS WITHIN US. THEY NEVER SHOULD HAVE OPENED THAT DOOR. THEY NEVER SHOULD HAVE LET HER INTO OUR WORLD, NO MATTER WHAT THE END WAS. BECAUSE NOW THAT SHE'S HERE, SHE ONLY WANTS ONE THING. TO MAKE US PAY THAT COST. SCREAMING AND LAUGHING SHE'LL PUNISH THEM ALL. AS THE NAIL BITER RISES...THE BOUNCE CHIX MUST FALL.

ECSTASY

The Kaboom Babes have killed hundreds and conquered thousands. They've had slaves and they've had victims. They've had enemies, and they've had allies. But they've never had one to entertain. That would be Ecstasy. Almost nothing is known about where she is from and what brought her to Zoe like a siren to the fatal flame. Some say she seduced Zoe into becoming the evil herself with her decadent powers. Because Ecstasy doesn't want to wreck the world. She wants to spread love, power. She craves domination. But when she heard how Zoe breaks these superheroes, Ecstasy's lust found a new and passionate purpose. What Zoe does to them. Ecstasy calls love. The fire she feels in her heart are the sins of the flesh to tantalize, to tease, to pleasure and to please. Hear her screaming her name from her throne now, they collapse, spent and trembling into her epic bosom. And no, she doesn't have any clothes on. We checked.

Super Hero Origins: Ecstasy is a mystery. But there are whispers within super villain circles that tell of an experiment. A small resistance group, on the verge of crushing defeat at the hands of the mighty Zoe, turned to a solution most desperate. With a single strand of her platinum hair they endeavored to clone their unbeatable oppressor. To make their own Zoe, but to infuse her with the desire to do good, instead of evil. But as desperate insane cloning experiments often do, their plan backfired. Although they did indeed birth an all-mighty doppleganger of the most powerful villain in the universe (terrible idea by the way) they did not infuse her with the desire to do good. They simply infused her with desire. Unlimited, unquenchable, insatiable desire. Lust embodied. Lips that turn her foes to quivering putty. Breasts that make the most chaste entities instantly dry hump the entity to their left. Good job, jackasses. Next time you're trying to make a plan and someone says: "Hey, let's just clone a super villain." Do me a solid and kick them in the head. Fortunately that little rumor isn't true. Ecstasy and Zoe are not like evil super sisters or anything. That might get a little weird. It was a cool story though, right? We thought so too.

Super Weakness: We'll give you two guesses. Come on. Look at her. Do you think there's even a CHANCE that Ecstasy isn't desperately ticklish absolutely everywhere. That's the price of being a modern love goddess whose bodily fluids are potent aphrodesiacs: your greatest strength is also your most terrible weakness. Ecstasy is unbelievably ticklish. And not only does tickling make her utterly helpless, it also violently turns her on to the point of gyrating bawling submission. Yeah. You're welcome.

Real Name: Who knows? But when you're screaming her name in the throes of lustful submission, the noises you make may be howling grunts, they may be tear-weeping pleas, they may be sounds of unmatchable orgasmic delight. But in that moment you will know her true name.

And you will call her Ecstasy.

Arch Enemies: Ecstasy has no enemies. She has lovers and slaves. She has those who have died by the stroke of her wicked nails, and those that live in torment, never again to feel the impossible warmth of her body on top of theirs. But she loves them all. Loves them with all of her ever-swelling heart. Enemies are for those who don't know how to make love. Ecstasy will take those that hate her, and will have them on their knees, begging for another lick of her tongue and press of her sweet red lips. She is passion given form. And wow what a form she was given. Srsly.

Arch Villain Affiliations: A willing member of the Kaboom Babes. Ecstasy knows what Zoe would do to her if she attempted to leave them, so she lives out her days of sheer debauchery and pleasure. Which, as it sounds, makes Ecstasy content as can be. Every time she thinks about it. And it is tonight we gauge the worth of someone who tortures others with the worst thing you could do to them.

SUPER ANDI

She's cute. She's brilliant. She shoots super-heated photonic light beams of liquified sunshine death in the blink of an eye. Super Andi is your friendly neighborhood sexy geek next door. With basically a jet pack strapped to her lithe and incredibly alluring torso and photon beams coming out of her every flexing muscle group. So when she comes after those evil little bad guys, she comes like a fiery rocket of energetic muscle-clenching goodness, thrusting um, thrusting her powers against their badness. Somehow that got weird. Phrasing and all that. Let's just say that Super Andi is quite the hot handful. You know. Super Hero wise.

Super Hero Origins: Magical alien toe rings are mysterious. I know. You've heard that before. But here's like the perfect example as to why. The Chix are on the couch, eating salty snacks and watching brain rotting action horror comedies on the boob tube when Jane hiccups. Big deal, right? Not exactly an astronomical event. But it shifts the energy patterns in her ring enough that it causes a symbiotic reaction in Andi's ring. Hailey's ring immediately compensates since the nano-positronic core can't phase into an interdimensional space unless the field is coupled to a state which is radioactively coupled to the vortex state. Needless to say, Andi's ring booted up rather vigorously and poof...super powers. See? Told ya. Mysterious.

Real Name: Andrea. But no one's called her that since Professor Eunich Senior year. And I think we all remember what happened to him. Right? Andi. LASER experiment. Hospital. Mandatory life-style change. Ouchie. Get it?

Super Weakness: Andi is seriously like the most tender and utterly ticklish sexy geek you've ever been lucky enough to meet. Now I know that's kinda obvious. But the truth is that it's literally pretty much her ONLY weakness. For real. We racked our brains for hours. And know what? Right. No other weaknesses found. She's smart. She's adorable. She's got a certain...I don't know what. She's the tits. The one thing we came up with is that on the nebulon moons of the Spadran system...freckles are considered a weakness. And Andi's covered in freckles. No no. Trust me we agree completely. That's total bullshit, right? In fact, we think freckles are completely hot and actually amazingly sexy. It's one of the many reasons we don't live on the nebulon moons of the Spadran system. That, and the fact that the atmospheric pressure would crush our heads like a wet grape. Frankly the whole head-exploding-wet-grape thing would have been enough on its own. But add in their freckle-phobic attitude, and yeah. Screw those tentacle-headed space weasel loving butt holes.

Arch Enemies: Kaboom Babes. Still. I mean yeah. Just like the other 2 Bounce Chix Andi has a real beef with her malevolent bizarro alter-egos and honestly, who wouldn't? They're not really what you might call nice peeps. Not one bit. Other than that, Andi's the kinda gentle sexy geek that gets along with just about anyone. Well, unless she's playing Karnal Karnage III or one of her other favorite fighting games. In that case she's a trash talking belligerent maniac, blithely giggling the most unforgivable insults while she digitally decapitates someone's cyber character, or techno-tickles the snot out of one of her pal's beloved avatars. It's kinda fun to watch as long as you're not the one playing against her. She's a hot nerdy video game apocalypse, when she has a wireless controller in her frecky hand. And the poor schlub she's playing against, although not an arch enemy per se, they're definitely one brutal button push away from obliteration.

Super Hero Affiliations: Charter member of the Legion of Bounce. Alumni of the Stark University advanced robotics aeronautics and erotic biotics doctoral fellowship program. And on NASA's ten most wanted list. Did you know that when Andi sneezes that she accidently shoots a magnetic photon death ray? She does. And did you know that upon a lucky direct hit by a magnetic photonic death ray most deep space satellites tend to melt? Violently? Yeah, they do.

SUPER HAILEY

The ability to defy gravity has always been a skill of Hailey's. As is the ability to squeeze THAT figure into the engineering miracles she calls a wardrobe. But when their new found super powers came to the Chix, Hailey seemed to get the lion's share. The power of self-propelled flight, how cool is that? Energy beams and power rays of every variety, shooting from her wrists, totally radical in case you didn't know. Bullet deflecting unbreakable arm bands, which is like 10 times cooler of course the bad guys shoot at her and it's on which case she's pretty much screwed. And even after all that, she still has the ability to maintain a bangin' bod in her patriotic hot superhero outfit. Now I grant you that she can't get rid of maternal rolls around the perfect ample bust. But hey. You're registering that's a compliment. And enjoy the sensation of an energy enema and a good hard slap to your jaw.

Real Name: Hailey
Real Nickname: Brownie
Really bad idea: Using the nickname

Super Hero Origins: Technically it was a psycho-physiological chain reaction caused by the simultaneous harmonic resonance of Jane's magical alien toe ring going into photonic nova mode, and Andi's ring navigating a [illegible] quantum field. That or the radioactive meteorite she's been using as a night light. What? It's harder than hell to shuffle from bed to [illegible] to the bathroom in the middle of the night without stepping on one of Andi's stupid autonomic house bots. Plus the meteorite is pretty. It makes your teeth glow.

Arch Enemies: Like all of the Bounce Chix, Hailey's sworn nemesis are the Kaboom Babes. Now we don't know how a "sworn" nemesis is [illegible] different from a normal nemesis. But the important take away is Kaboom Babes and Hailey are like Nitro and Glycerin. Meaning...you know...they don't really get along well. Unless you're looking to create an explosion. And then they get along awesomely. Hailey has also often sworn against her other mortal enemy, Gourmet Peaches. They are kinda [illegible]ctive. Not cool for the diet. So I suppose gourmet peaches are like her Calorie Enemy. Or maybe her fitness nemesis.

Super Weakness: French cooking. Seriously. Hailey could probably be lured to her obvious death with the not so subtle use of an eclair. It's ridiculous. Hailey also happens to be very trusting and sweet. Which is usually a good thing. But when your day to day routine brings you up against an endless barrage of diabolical super villains...not so much. And lastly she is agonizingly absurdly and helpless y ticklish all over her amazing body. Any affectionate stroke of a feather, or poke of a finger has her writhing in your arms, thrusting herself seductively, pawing helplessly, and becoming shamefully vulnerable to every wicked thing you might want to do to her. So really it's a good thing you're not a pastry-carrying liar with a penchant for tickling hot heroes while they cackle madly under your power. Wait...why are you picking up that [illegible] and smiling like that? Ooooh. I see Hailey.

Super Hero Affiliations: Charter member of the Legion o' Bounce. Also an honorary partner of the Cleavaged Avengers. Other well-known members include Power Girl, Dark Dazzler, and Melon Maiden. Granted no one really wants Melon Maiden in the club. But she's the first hero that went up against her endeavor but succumbed to death and cackling hysterically for a month's duration after her patented Electron-powered rack attack.

SUPER JANE

The strength of a hundred pissed off gorillas, agility so great that she makes jungle cats look klutzy, and a whole belt full of gadgets basically designed to destroy anything not made out of adamantium. Yeah. The only thing that fits Jane better than her surprisingly tiny black costume is her super powers themselves. When she's not bounding from roof top to roof top pounding the bejesus out of helpless burglars, she's swinging deftly through the night sky, filling the hearts of the wicked with the shuddering terror that precedes a thorough ass beating. She is dark, she is deft, she is dangerous. she is. In a word. Super Jane.

Real Name: Jane.
Just take "Super Jane" and hold the "Super"

Arch Enemies: Sworn nemesis to the Kaboom Babes, the anti-matter doppleganger of the Bounce Chix, also powered by magical alien toe rings. But, you know, evil ones. Like made out of negatively charged electrons of evilness. The rings are. Not the Kaboom Babes themselves. They're just your normal babes. But super powered and evil. Other arch enemies include buttermilk. It's thick. It looks deceptively like regular milk. It's disgusting. Seriously. It really is.

Super Hero Origins: Neuro-harmonic activation of her magical alien toe ring. That, and an inherent love of getting into flat fights with gamma-radiated super-being uber villains.

Super Weakness: A quick volatile temper and utter disregard and outright contempt for any reasonable resolution to a disagreement. Super Jane is rather easy to lure into a heated conflict, even with the odds ridiculously stacked against her. She also happens to be violently ticklish pretty much all over her rather hot body. And her outfit is three sizes too small for her. So put those three things together and you have a screamingly ticklish hot-head with a penchant for getting into deep trouble with virtually all of her tender skin exposed for any semi-intelligent villain to take advantage of. And she's afraid of spiders. Long story. But yeah. If a super villain with spider powers came along,who happened to have a thing for tickling...Super Jane would be in a world of trouble. But what are the odds of THAT one hapening any time soon?

Super Hero Affiliations: Charter member of the Legion of Bounce. Obligatory member of the Super Strength Union Local 112. The dues are brutal. And the meetings always involve a disagreement which ends in the obliteration of 8 city blocks.

TOXIN

Some villains gain power over fire and light. Others are granted the frigid gifts of ice, or the power to implode people's kidneys with psychic waves of brain gravity. Toxin's ring instead gave her powers most exotic. Like the rarest plant that lures its prey with paralyzing pheromones and then stings it with poisonous barbs, only to slowly devour it. Toxin's powers are those of deadly fumes and immobilizing touches. A single scratch of her nails, and her victim's skin will be a hundred times more sensitive. A single kiss from her green lips and her opponents will sleepily melt into her control. She is a quiet fiendish assassin. Undetectable. Unstoppable. Irresistable. As far as the whole power to implode kidneys with psychic waves of brain gravity...we're not really sure why we said that. No one has that power. Sorry.

Super Hero Origins: Bethany was a hero once. A captain for the League of Power. A mighty force for compassion and justice. That was before Zoe fell from the sky and found her. The battle that followed shook the very core of that world. It blocked out the sun and caught the oceans on fire. But in the end Bethany was brought down, bound by the mighty Zoe, and broken by her merciless touch. Until all Bethany could do was scream in helpless laughter. She was reborn in those terrible days of torment. Reborn to follow orders, to do to others what had been done to her, to wear a tiny little green thong and be ridiculously hot in a gothy bad girl sorta way. She was Bethany no more. Now they call her Toxin. Or the ridiculously hot gothy bad girl who wears that tiny green thong.

Real Name: Bethany Lance. I know, right? Doesn't really fit. But it is her real name. Or at least it was...before the darkness of the vortex consumed her soul and changed her into the very spirit of evil villainishness known as Toxin. Cuz Bethany, the very spirit of villainishness just sounds implausible. And no one likes implausibility.

Super Weakness: Toxin has been broken by suffering. Pain has become like pleasure to her. That rush of stinging agony that consumes her body is something she craves. Zoe made sure of that, by pushing her so far past her limits a thousand times over. Toxin has grown addicted to the anguish that is her life now. Today, there is only one thing that she fears, deep inside her poisoned heart: delight. Toxin is terrified of the thing that spawned her, trapped in Zoe's steel grip. Insanely sensitive from her black head to her tender toes, Toxin absolutely loathes being tickled. An unfortunate fact which her cruel and ruthless governess often exploits. The simple caress of a single feather is enough to bring this deadly flower to her knees. And keep her there, begging for salvation. Which is a pretty serious problem to have when your villain costume is made from like a single spool of thread. Look at her. Her boots and gloves just about represent 95% of her clothing. I'm just saying. She's agonizingly ticklish. Might want to murder your tailor. Just a thought.

Arch Enemies: Whomever Zoe orders her to hate, asks her to end their existence, forces her to terminate the annoying thumping sound made by their beating heart. Toxin will do what she is told by her ruthless leader, and she will most likely do it with a smile on her pale green poisonous lips. For although she is a submissive of evil, she is a WILLING submissive. Eager to please her mistress by showering pain and agony on entire worlds in need but. And her sights are set on THIS world now. And on three beautiful women that we are counting on to stand between a destructive juggernaut and our fair city. She calls them her next conquest. She calls them a new sensitive toy to play with and ultimately break. We call them our only hope...our hot little heroines.. we call them the Bounce Chix.

Arch Villain Affiliations: An obligatory member of the Kaboom Babes. Zoe would kill her violently if she was a part to any other groups. Heck, Zoe might kill her violently regardless. It's one of the perks of arch villainery. Likely violent death.

ZOE

Zoe's true power is her staggering intellect. Her true weapon is her blindingly beautiful body. And her true calling is to hunt down and own every super power in this universe. She's a sadistic collector. A conquerer built of flesh and metal and merciless disposition. Before she ever found her ring she was already powerful enough with the might of her own inventions to rule her planet with steel fist and iron claw. The quantum energy of the Bounce drive gave her the limitless power to violate space time, and take her insane lust for power to the very ends of the universe. She and her diabolical machine have come here. And soon the screaming laughter will begin. Soon we too will know the unforgiving embrace of the world's greatest villain. She will kill. She will steal. She will destroy. And we probably won't enjoy it much at all. Unless you're into that sorta thing. Weirdo.

Real Name: Zoe the Destroyer. Mechanica the Unvanquished. The Six-armed Bringer of Unpleasant Death and Lasting Discomfort. The list goes on. But it gets kinda tedious after a little while.

Super Hero Origins: Very little is known about how Zoe rose to power, and what transformative or tragic events made her the evil kinda person she is today. What we do know is this: her IQ is well over two hundred, she broke the testing computer. Her body count is well over three hundred thousand. But most of those were sentient insects of the Claemour galaxy. And you can rack up like twelve hundred casualties for those poor little buggers in one single tentacle swat. And her cup size is over four million. But again that's using the Claemour metric system, which is kind of cheating. And before you ask, um...yes. Sentient insects DO have boobs. Creepy, right?

Super Weakness: None. Even her weaknesses are strong. Not only has Zoe never been defeated physically, bested mentally, or manipulated psychologically...we're pretty sure no one has even come close. I mean, she once promised Galaxy Gal that she would atomize her into seven trillion molecules of crimson pain. And as far as scientists at the scene were able to guess, poor Galaxy Gal only ended up atomizing into roughly five trillion seven hundred billionish molecules of crimson pain. But who honestly gives a rat's ass? She can atomize people. Into molecules of crimson pain! Can we really call her apparent under-estimation of molecular quantity a weakness? Maybe she just has a penchant for hyperbole. Ever think of that? All I know is that Zoe seems to be invulnerable to any and all forms of pain. Which DOES raise the question: why does someone who is invulnerable to pain wear a full body sensation-resistant jump suit with redundant electron armor coming from her power pack? What? You gonna try to find out? Okey dokey. Please enjoy the whole crimson molecule of pain schtick. Don't say we never warned ya.

Arch Enemies: In a word: Mankind. All sentient life. The entire cosmos. Zoe's insatiable desire for control is only surpassed by her deep abiding passion for pain and suffering. She wants their gifts, longs for their powers. But even more so, she craves the sounds of their bawling submission. They once were gods. Now they weep under the evil stroke of her talons. They beg as the steel tentacles take away the last of their resistance. Their feeble surrender is her only joy. The truth is that she is the arch enemy. Of all of us.

Evil Villain Affiliations: Cruel Governess of the Kaboom Babes and Tyrant for Life of dozens of sentient planetary systems. That's pretty much it. What? This isn't enough? She's ruthlessly conquered and destroyed billions of lives! What do you want for her resume of evil? More volunteer work?

Many thanks Kitsu :3

That red really POPS! This time I kept it more tame (even though I know I'm gonna get dinged within the hour😬). But side boobs are pretty darn cool.

Im almost scared to ask the electricity bill or how warm your room gets with so many devices/ electronics on?

Antworten Verbergen Übersetzung anzeigen

filmandgamemusic 3 Min. • Verfasser

@jayemelmusicuniverse hahaha it's totally fine! It's basically a bunch of leds, they don't really get warm. The synths etc are only turned on when i use them & I spent a lot of money on the cooling setup of my pc, so it actually doesn't really get warm in here + the electricity bill is of course higher than a regular one, but only like 30% or so, compared to the average one in germany :)

Hi, my name is Wesley. I also go by Pluvium on social media. I have been drawing for about 15 years and freelancing for a few of those years on and off. I am a self-taught artist who started art with a fascination with anime but eventually moved on to incorporating semi-realism and realism as my focus.

I enjoy making portrait art and technical studies. Making digital paintings of characters that catch the viewer's eye has been a long-time goal of mine. I will share some of the things I have learned over the years about painting portraits and character-focused art.

The shirt was quite the challenge lol. All the fine detail, I figured it was best to simplify things since too much is sometimes not a good thing, and I didn't want to just slap it on there and "blend" I know I can never pull it off

Yes, Trump and Musk are elites by wealth and influence—Trump inherited millions, Musk is a billionaire. But MAGA sees them as "anti-elite" because they rail against the establishment, media, and political class, tapping into a deep distrust of those institutions. It's less about money, more about who you're fighting.

Since WWII, Democrats have outperformed Republicans on the economy. GDP growth averages 4.23% under Dems vs. 2.36% under GOP. Job creation? 1.7% yearly for Dems, 1.0% for Republicans. Also, 9 of the last 10 recessions started under Republican presidents. Data speaks louder than party lines.

Under her leadership, the fleet grew to over 70,000 men and 1,800 ships, dominating the South China Sea. She established strict laws, enforced discipline, and created an organized pirate empire that

Stop Overthinking the Outcome—Just Start.
— @rickrubin

Rick Rubin's perspective here emphasizes the power of intuition and intrinsic motivation. Instead of chasing outcomes or external rewards, he encourages following what genuinely interests you, even if it doesn't make immediate sense. His message suggests that our inner guidance often leads us to unexpected, meaningful places—ones we couldn't have predicted if we were solely focused on results

frankchoartist Wolverine Vs T-Rex, Youtube sketch.

My new drawing demonstration is up on my Youtube channel.

This week, it's Wolverine vs T-rex.

https://www.youtube.com/@frankchoartist

This scene was inspired by Wolverine: The Jungle Adventure comic book, written by Walt Simonson with art by Mike Mignola and Bob Wiacek. (A fun book from my childhood.)

In the story, Wolverine must take down a giant T-Rex

TORSO-HIP RELATIONSHIP

USE THIS S SHAPE (LIKE A INFINITY RIBBON ONE COULD SAY)
FOR THE TORSO TURN IT VERTICALLY
IT'S THE SAME SHAPE FOR THE PELVIS BUT WIDER.

OF COURSE IT'S MAINLY FOR STYLIZED CONTENT
BUT IT IS USEFUL FOR FINDING RIB AND HIP LINES.

Never worry about being perfect- every 'bad' drawing is just a learning experience! We all have thousands of bad drawings inside us, might as well get them out sooner rather than later.

Eshki, Temur's Roar

Legendary Creature — Human Warrior

Whenever you cast a creature spell, put a +1/+1 counter on Eshki. If that spell's power is 4 or greater, draw a card. If that spell's power is 6 or greater, Eshki deals damage equal to Eshki's power to each opponent.

The **Atavists** are a *Codex*-divergent chapter of Blood Angels gene-stock, founded at the dawn of M42 during the recent Ultima Founding. As one of the chapters involved in the campaign of the Unnumbered Sons, wearing the red and black of the venerable Blood Angels. However, the chapter was quarantined and all identifiable gene-sons rounded up almost immediately after the beginning of the Indomitus Crusade before they could participate in the combined-legion offensives spearheaded by the Emperor's returned son, Roboute Guilliman. Their gene-curse was greater than that of the average Sanguinary Brotherhood Chapter and their unique logistical requirements necessitated their organization as a Chapter long before Guilliman released his Greyshields into individual service. The Atavists' unique traits and the strange timing of their organization led to the investigation of Charieu,

The **Baleful Boars** is a very small and endangered Loyalist non-*Codex* compliant Space Marine Successor Chapter created from the lineage of the Blood Angels Space Marine Chapter during a unstated founding at the end of the 37st Millennium. It was created to counter the threat of the 7th Black Crusade in 811.M37, when Abaddon the Despoiler and his forces assaulted the Segmentum Obscurus.

Since their inception, the Baleful Boars have writ a blood-soaked saga of fell deeds and numerous atrocities down the long millennia of their existence. The Chapter's detractors often point out that these ferocious Astartes appear every bit as savage and merciless as the heretical World Eaters Traitor Legion. The **Soaring Angels** are a Loyalist Successor Chapter of the noble Blood Angels that were created during the 25th 'Bastion Founding' of the 40th Millennium. A fleet-based Chapter, they strive to embody the aspect of flight and virtue of freedom that their liege-father Sanguinius set as an example to strive for. Like any other son of the Angel, flight whether by aircraft or upon roaring jump pack is a sign of devotion to their Primarch as it lets them feel as he would've felt upon the battlefield, soaring across the sky to bring down destruction upon mankind's enemies.

"We shall purge the enemies of man who tainted our brethren into abominations without a soul, left at the mercy of fate. Destroying the pride and honor of Astartes, making them hated through the Imperium forging lies and deceiving about them. WE ARE THEIR AVENGERS!"

— Unknown Chaplain of the Dragons Sanguine

The **Dragons Sanguine** were a Successor Chapter of the vaunted and noble Blood Angels. Created in M35, during the turmoil at the start of the Nova Terra Interregnum, the High Lords of Terra said a new founding must be created in order to pacify any rebellions that started to occur. The Dragons Sanguine were one of those chapters that arose during the 9th Founding. The Chapter was created in the

"To honour the Angel! First to the Chalice!"

— Chalice Herald battle cry

The **Chalice Heralds** are a Loyalist Successor Chapter of the proud and valiant Blood Angels created during an Unknown Founding. Most of their history has been lost and their own records are either incomplete or destroyed. . Despite their laudable history and numerous battle honors, there yet remains a shadow of the Blood Angels' genetic flaw that lingers ever about the Chalice Heralds. They search for a mysterious artifact that they call The Chalice, and they believe that when they find it all the sons of The Great Angel will be cured of the Black Rage and the Red thirst. With a history of heroism and valor as laudable as some more venerable Chapters, it is easy to see why they are heralded far and wide

The **Blood of Vulkan** is a loyalist non-*Codex* compliant Space Marine Chapter of the Adeptus Astartes created during an Unknown Founding and of dubious origins. A bellicose and ferocious Chapter, these Astartes have developed unique abilities that enables them to be nigh unstoppable in close melee combat. These abilities include pyrokinetic breath that allows them to breathe fire and the ability to call upon the inherent rage of their Primarch, making them unstoppable berserkers.

PORT

As a professional lacker, and indentured assassin to Captain Vida, the formidable Port has two jobs. The first is the swift noisy annihilation of any and all things that stand in Vida's way; Interplanetary stop signs, wayward comets, other species. Port is Vida's front line. Her shoot first, shoot second, shoot a lot more, and then let Vida ask some questions girl. And she does her first job well. So well, that Vida was forced to give her a second job; leave someone in the room alive. Not only is a room of deceased alien gangsters not ideally profitable in most situations, but it leaves little room for Vida's "other interests". In general, dead people make for very poor fickle victims. And Port is never better than when she's making things dead.

REAL NAME: Ladebord Fitzroy. Vida gave her the nickname "Port" because in the heat of battle "Ladebord" sounded a bit too much like "Starboard". After the aforementioned confusion to the Saint Patrick's Fantastic Intergalactic Tragic Massacre 2632Ebc, the Vida lieutenants learned to stick with Port as her handle.

TAT: The story of [illegible] tattoo comes from [illegible] day she met Vida [illegible] the husky brute [illegible] just a muscle [illegible] a local rum [illegible] the Ghost Head [illegible] Vida was assigned to [illegible] wipe the group out [illegible] entirely to make way [illegible] a competitor entering [illegible] market. And wipe them [illegible] did, leaving only Port [illegible] Vida discovered two [illegible] Port was the most skil[illegible] dog she had ever met, and [illegible] happened to be ridiculo[illegible] Vida gave Port the tattoo [illegible] the lithe alien's vow of allegian[illegible] It took several days. Port howling in laughter the entire time [illegible] her bondage, until Vida had wrapped [illegible] body in the tentacled monster. Finishing the design with agonizing detail on Port's incredibly ticklish belly button. The ink, forever embedded around her svelte body, is a permanent reminder of who Port belongs to, and what will happen to her if she ever steps one foot wrong.

OCCUPATION: Port is Vida's Powder Master. The lucky individual who manages the on board artillery, and makes sure the positronic copper is being shoveled into the long guns at a brisk pace. With that job comes another side benefit: Port is also the unofficial Master at Arms on all of Vida's ships. So not only does she occasionally get the chance to thwart mutiny by detonating would-be conspirators into pink colored mist. But she also is responsible for doling out punishment for the crew. And I assure you, a lashing from Port's long tongue against a tender sole is far worse than the kiss one might receive from any whip. Her method of discipline is as feared as it is effective, and often the cause of nightly screams of laughter echoing into the deepest reaches of frontier space.

STARBOARD

The senior member of Vida's crew, and rumor has it, the cruelest right hand to ever sail the solar winds. They say Vida found her as an abandoned hatchling on a desert asteroid, her entire flock marooned and starved to death. Vida raised her as her own, and trained her ruthlessly in the skills of gutting, domination, and galactic needle point. Now the one-handed alien menace serves as Vida's personal body guard, and the most ruthless Quartermaster in the history of Space Piracy. Turn-ons include decapitation, tickling someone until their head turns inside out, and really huge feet. Turn offs would be scurvy, free-range space weasels, and species that have more than four breasts per abdomen.

REAL NAME: Who knows. Her parents were crab-food before she had even broken through her little eggshell, remember? And the crabs weren't that forthcoming about the parent's last wishes. Vida isn't even the one who named her. She didn't have to. Starboard was at Vida's right side every second of every day since the Captain pulled her off that dead floating graveyard. The crew got tired of calling her "that insane maniac harpoon girl who kills men with her toes and is always standing at the Captain's right side." So "Starboard" just seemed...simpler.

SOUTH PAW: So...yeah. You may have sorta noticed that Starboard is one limb short of a quartet. Well, we might not want to mention it, but guy who did was disemboweled with her thumbnail and tied to the mast with his own lower intestine. Upside down. As for the story behind the missing limb...it's the subject of much pirate rumor and legend. One salty space wench on Noosia wove a tale she inclined to regard as close to truth as I've heard, story of men that deep within uncharted gravitational seas Vida's ship came across the unconfirmed and unanimously feared Krandalozian Space Weasels. The small brigand crew fended off the furry fuckers as well as they could, keeping their soft spiky bodies for black market coats and coasters. Until, bursting through the frozen tundra, the mighty behemoth birthed itself ferociously before them. The great pink leviathan known as Mochu, the largest most feared space weasel in the outer rims. The entire crew was violently brought before their maker, with only Vida left holding her unconscious first mate who had given her own arm to save her captain. That's why Starboard hunts for that hand to this day.

SOBER CANNIBAL: As a harpooner, Starboard has the most dangerous job on the entire ship. The job that no one else is crazy enough to do. Not only do the creatures big enough to be harpooned tend to also be the creatures most likely to devour you. But those tech-poons have some nasty ass splinters. Seriously. And it's not like they carry tweezers in the freaking evil space pirate ship. So you just have to wait for the bugger to come out on it's own. That, or eat the hand, like a coyote with one leg snared in a trap. Well, not really. But still. Harpooning: Tough job.

DANGEROUS INQUIRY: A couple folks have wondered if given Vida's predilection for tickle torture, if the unapproachable Starboard was herself a sensitive sea-faring gal. Unfortunately those few folks were caught on fire, poisoned, hanged, shot, devoured, regurgitated, stabbed, blown up, and then strangled. And I don't know if you've ever tried to strangle someone who's been blown up, but it takes a special kind of crazy. Our suggestion: probably best not to try and tickle this one.

LIKE MOST FOLKS, VILLAINS OFTEN GET INTO DISAGREEMENTS ON A VARIETY OF TOPICS; SUCH AS THE SPLIT ON THE LATEST HEIST. UNLIKE MOST FOLKS, THE TOWERING HOTTY KNOWN AS **BONK** CAN EASILY USE HER SKULL-SQUISHING STRENGTH TO OVER-POWER PETITE EVIL-DOERS, LIKE THE SEXY **WILDSIDE**. AND NOTHING SAYS "RENEGOTIATION" LIKE A FEW HOURS OF SQUEALING TICKLE TORTURE. EVEN VILLAINS HAVE THEIR SOFT SPOTS, AFTER ALL.

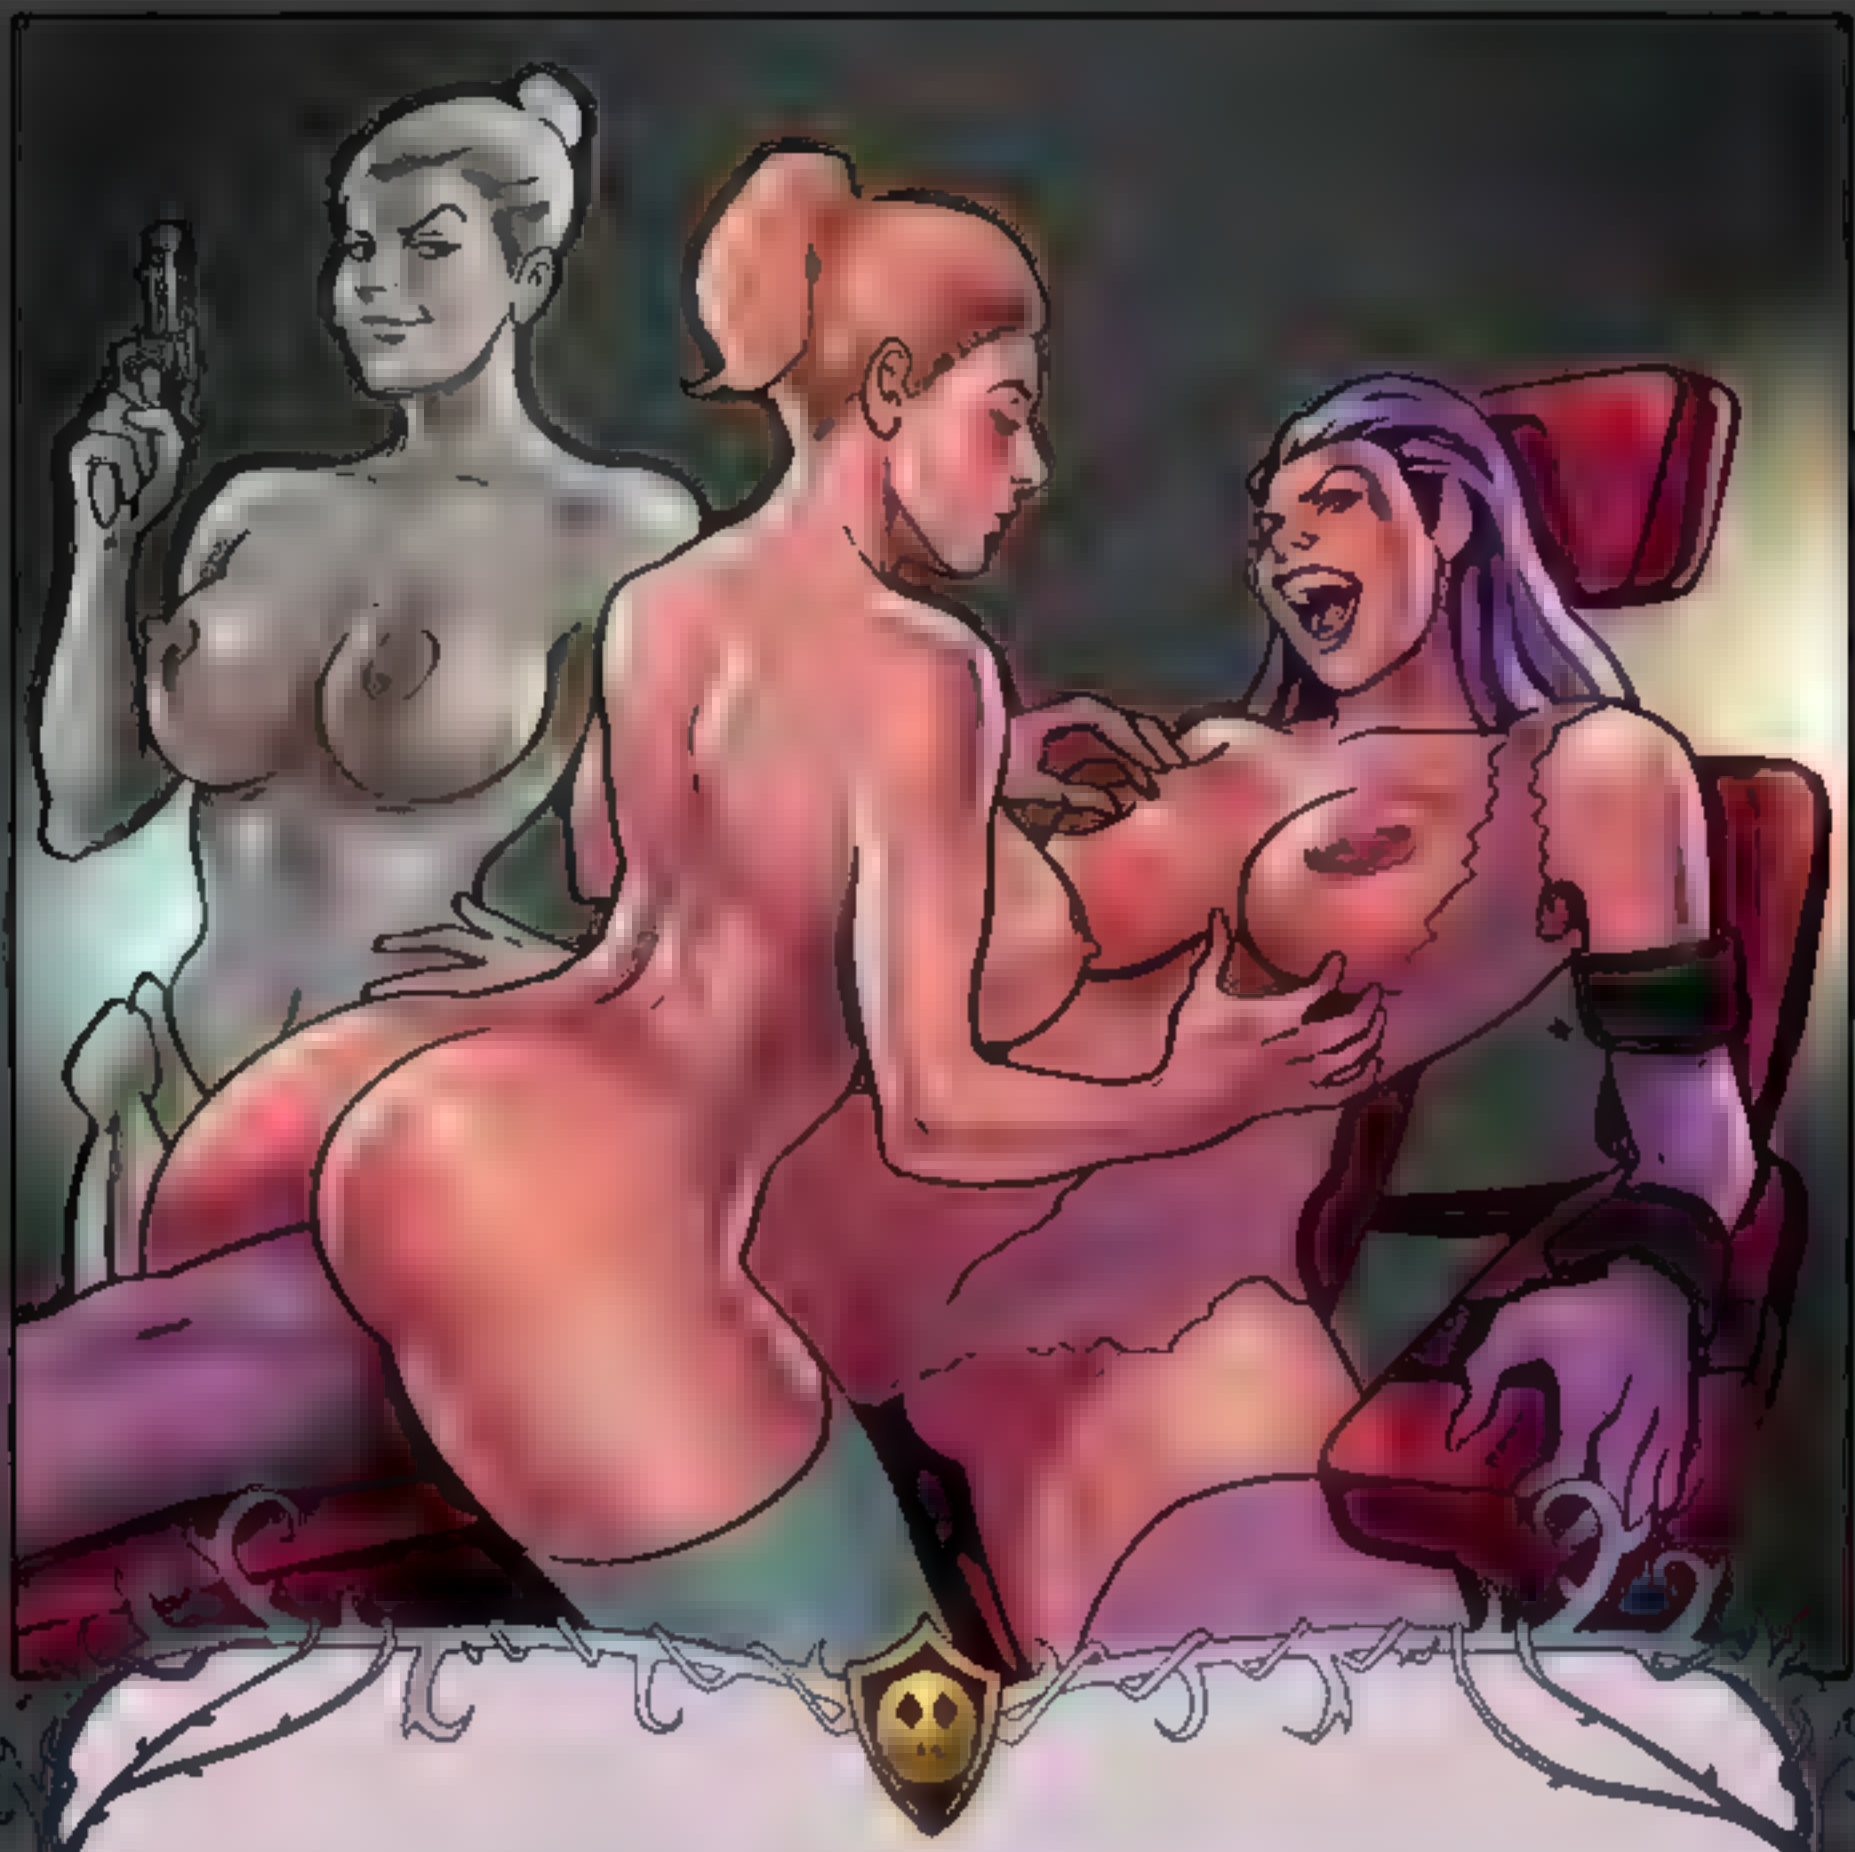
BLACKMAIL

Created by Bandito | Art by Josh Flynn | Edited by ChicagoAnnie



WHEN THE LIGHTS WENT OUT

LADY WINNIE WAS TERRIFIED. SHE KNEW THAT HER DREADED RIVAL, ALICE MOORE WAS WELL AWARE OF HER TERRIBLE TICKLISH WEAKNESS. AND SHE KNEW EXACTLY WHAT THE TITILLATING TORMENTRESS WAS GOING TO DO TO HER THE MINUTE THAT THEY WERE ALONE TOGETHER. BLACKMAIL WINNIE INTO ANOTHER UNBEARABLE NIGHT OF SCREAMING, TICKLISH SURRENDER. BUT WHAT WINNIE DIDN'T KNOW IS THAT THERE WERE OTHER FIENDISH FORCES AFOOT WITH BLACKMAILING SCHEMES OF THEIR OWN.

IN THE SECLUDED DARKNESS, WINNIE FOUND HERSELF LOOMING OVER ALICE. HER RIVAL WAS NOW HELD STILL IN INESCAPABLE BONDAGE AND AN ANTIQUE PISTOL WAS COMPELLING THE SHY, BUXOM, BEAUTIFUL WINNIE TO DOMINATE, DESTROY, AND TICKLE TORTURE HER INSANELY SENSITIVE MORTAL ENEMY WHO KNEW BLACKMAIL COULD BE SO WELL DELIVERED?

YOU READY TO REALLY CRACK UP FOR US TONIGHT GRUMPY?
HA! LOOK AT THEM BOTH BLUSH AND SCREAM FROM OUR TICKLES.
EEHEEHAAHAA!

TICKLE TORTURE LIST. AGENT SONYA

SHE REALLY SHOULD HAVE KNOWN BETTER BUT I GUESS WHEN YOU'RE ONE OF THE WORLD'S GREATEST SPIES YOU THINK YOU CAN MAKE YOUR OWN RULES. SONYA KNEW HER NAME WAS ON THE TICKLE TORTURE LIST AND SHE CHOSE TO TRY TO EVADE OUR EFFORTS TO CAPTURE HER. AS PUNISHMENT, WE SENT THE NAIL BITER TO EXECUTE HER SENTENCE. NO ONE AVOIDS THE TICKLE TORTURE LIST, SONYA. NO ONE

WHEN THE LIGHTS WENT OUT...

THE GREATEST ENEMY OF THE LE GERDEMAIN HOUSEHOLD, THE COLD, CALCULATING AGNES ARRINGTON SET OUT TO SOLVE THIS SORDID MYSTERY AND DISCOVER WHO WAS BEHIND THIS FOUL PLOT OF TICKLE TORTURE AND BETRAYAL.

BUT, IN HER QUIET CAUTION SHE MISSED ONE VERY OBVIOUS CLUE..AND NOW IT WILL COST HER DEARLY!

SO, OUR DEVILISH HEROINE FINDS HERSELF IN ORNATE STOCKS AND FACING THE UNMASKED MONSTER SHE WAS SO FRANTIC TO IDENTIFY. UNFORTUNATELY FOR AGNES, THESE MERCILESS VIXENS WANT MUCH MORE THAN HER FRENZIED SCREAMING LAUGHTER. THEY WANT INDEMNIFICATION!

WHAT DID I EXPECT? THEY'RE HEARTLESS TICKLING GANGSTERS!

AND SOME HEARTLESS TICKLING IS EXACTLY WHAT WAS ON THE MENU FOR TONIGHT, WITH ME AS THE MAIN COURSE!

MRRRPH!

LET'S GET THESE FAT PIGGIES WIGGLING!

A STROKE ACROSS THAT SHEER NYLON WAS ALL IT TOOK AND I WAS ALREADY GIGGLING LIKE A HELPLESS WRECK. THE SPIDER'S NAILS WERE MASTERFUL AS THEY GENTLE TESTED MY TRAPPED ARCHES FOR TICKLISH REACTIONS.

SERVITUDE

Created by Blowtube | Art by Josh Flynn | Edited by ChicagoAnnie

WHEN THE LIGHTS WENT OUT

THE DEVILISH AGNES ARRINGTON SUSPECTED FOUL PLAY! SHE HEARD THE AGONIZED SCREAMS OF LAUGHTER ECHOING DOWN THE DARKENED HALLWAYS SHE KNEW ALL ABOUT THE LATE LADY LASCIVIA LE GERDEMAIN'S SINFUL REPUTATION FOR WICKED TICKLISH TORTURES AND AGNES COULD FEEL A VERY DISTINCT SHIVER GOING DOWN HER SPINE A VERITABLE TINGLE OF TERROR THAT TICKLISH TORMENT WAS GOING ON BEHIND THE HEAVY WOODEN DOORS IN THE FLICKERING CANDLE LIGHT

AS THE STORM RAGED ON AND THE SEVEN MERCILESS, WEALTHY VIXENS TURNED ON EACH OTHER ONE BY ONE AGNES WENT LOOKING FOR ANSWERS WHEN IN DOUBT - ASK THE HELP! AGNES HAD BEEN WATCHING THE GORGEOUS FRENCH CHAMBER MAID AND SHE KNEW PRECISELY HOW TO GET THE BEAUTY TALKING A FEW HOURS UNDER THE STROKE OF HER FIENDISH NAILS AND SHE WOULD TRULY COME TO UNDERSTAND THE DEFINITION OF SERVITUDE

Ha!
Ha!
Ha!
Ha!
Ha!

WHEN THE LIGHTS WENT OUT

JOSEPHENE TATE SMIRKED. YOU DON'T GET TO BE ONE OF THE MOST POWERFUL AND PROLIFIC FEMALE TYCOONS OF THIS CENTURY WITHOUT KNOWING WHAT YOUR COMPETITION IS UP TO AND JOSEPHENE KNEW EXACTLY THAT. THE LATE LADY LASCIVIA LEGERDEMAIN WAS THE LAST LEGITIMATE THREAT TO JO'S BIO-TECH EMPIRE. AND WITH HER OUT OF THE WAY, THE VOLUPTUOUS VIXEN KNEW PRECISELY WHAT WAS GOING TO HAPPEN NEXT.

THE COUNTESS WINNIFRED WAS GOING TO TRY TO START AN ALLIANCE WITH HER TO FEND OFF A MERGER FROM WINNIE'S RELENTLESS RIVAL, ALICE.

THE HUNGRY AND EVER-RAVENOUS STACIA LA FAVRE WAS GOING TO LIKELY HIRE SOMEONE TO STEAL HER INHERITANCE AND USE IT TO HER OWN CROOKED MEANS.

NO MATTER. JOSEPHENE WOULD OUT SMART THEM ALL. AND WHAT WIT DID NOT WIN, SHEER BRUTAL, RUTHLESS BUSINESS PRACTICES WOULD ASSURE HER VICTORY. BECAUSE IN THE BOARDROOM, JO WAS AS DOMINATING, DEADLY AND MERCILESSLY FIERCE AS SHE WAS HEARTLESS. THE LIST OF ASSISTANTS SHE HAD FIRED WAS SURPASSED ONLY BY THE LIST OF PAPARAZZI SHE HAD PUT IN THE HOSPITAL.

UNFORTUNATELY FOR JOSEPHENE TATE, THERE WERE PARTS OF HER PLAN THAT SHE HAD NEVER BOTHERED TO QUESTION. THINGS SHE HAD NEVER EVEN CONSIDERED A THREAT. LIKE THE FACT THAT EVERYONE HAS LIMITS. EVERYONE HAS SECRETS. AND THEN THERE WAS HER SHY, SWEET BRITISH SECRETARY, HOLLY HUMPHRIES.

AND THE FACT THAT MS. TATE WOKE UP IN BONDAGE IN HOLLY'S SUITE.

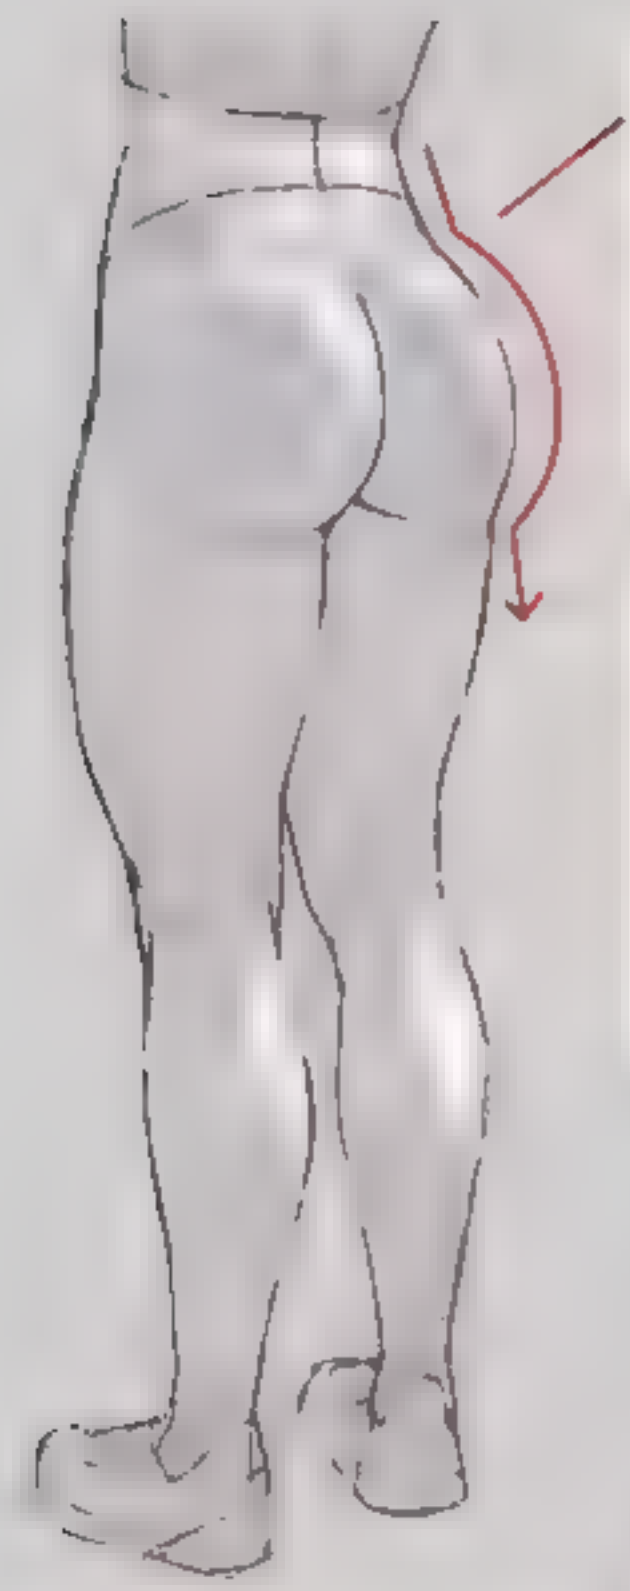
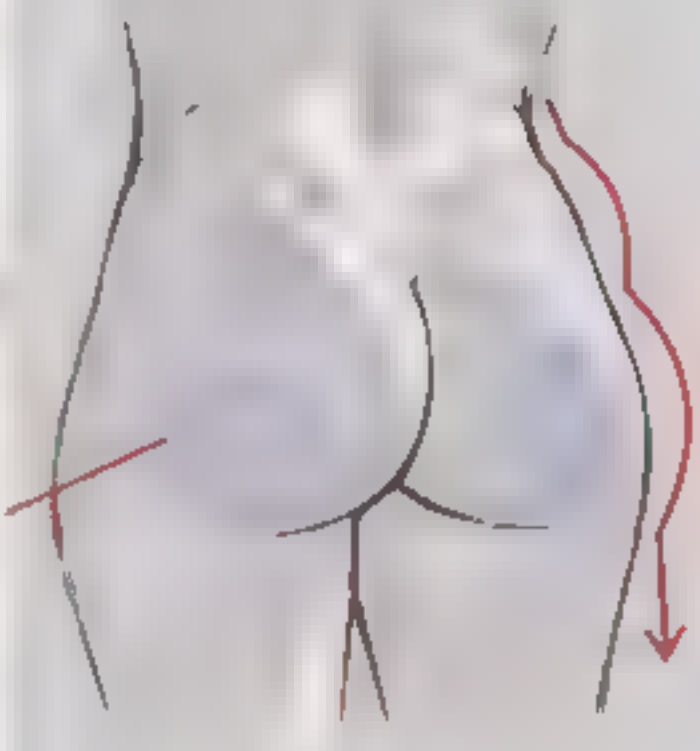
■筋肉質な女性



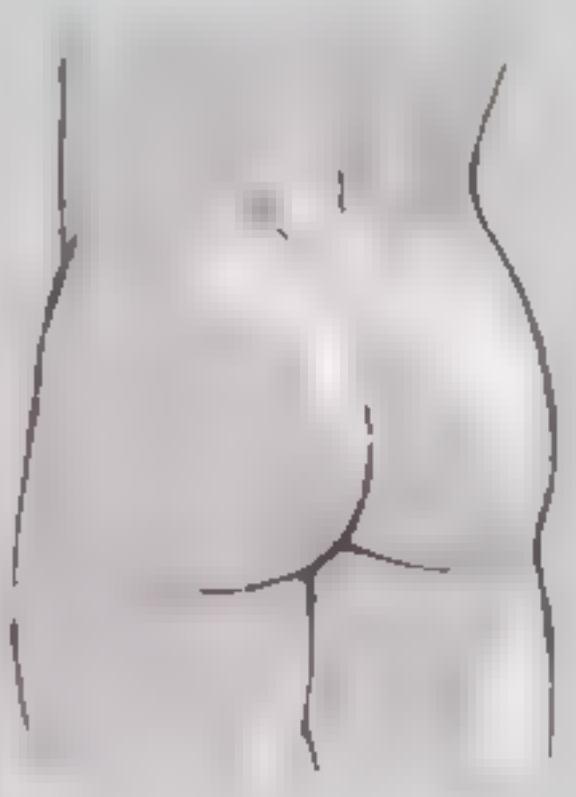
■女性も筋肉がつくと男性と同しく上の青丸か大きくなります。
ただ男性と違うのは上下の青丸間は直線的ではなく、滑らかで丸みがあるという所です。

■筋肉質でない大きなお尻の場合は【逆ハート】のバランスのまま上下の青丸を大きくするイメージです。
この場合上下の青丸間にへこみが見えることがありますが曲線的で滑らかです。

■大きなお尻の女性



■【右図】今回は男女差が判りやすい体形のお尻で説明しましたが他の体形で描きたいときも骨格と四つの丸が作るバランス（四角と逆ハート）を意識すれば体形が変っても性別が感じられるお尻が描けるでしょう。



■大きく円いお尻の男性
